LONG NEW

LEADERSHIP | INNOVATION | QUALITY

Company Profile

Long New Leadership, Innovation, Quality

Long New Industrial Co., Ltd. was founded in 1972 at the Taichung Industrial Park in central Taiwan. Under an excellent operational environment, and with superbly dedicated staff, our scale of business grew rapidly. Long New machines have since been sold in over 50 countries and have earned a strong reputation for value. Under the company's policy of "operational specialization," we have invested heavily in strengthening the structure of our enterprise to achieve a modern organization and create even greater business.

Committed to Business Continuity Stepping Forward to New Horizons

Through 40 years of effort and continuous development, Long New has always been conscious of business continuity. In market development, organizational management, employee welfare, and social responsibility, we always follow the Long New philosophy of, "Business continuity and continuous development." This drives us toward new challenges, and will take Long New's business into a new era.

Prompt Service

Because business and manufacturing require speed and efficiency, prompt customer service is necessary for an enterprise to survive. Long New fully recognizes that only superior internal management and a clear concept of customer priority enables our company to provide prompt and comprehensive service. To offer the most efficient service to our customers, Long New is always strengthening internal management and providing relevant training for all personnel.

In Pursuit of Technological Innovation and Breakthrough

Customers worldwide recognize the outstanding performance and quality of Long New machines. Long New continuously develops machinery using the latest technology. We make tremendous efforts and invest many resources in research and development. Through continuous education of R&D staff, our design capabilities progressively upgrade. And based on our customer priority concept, we also listen carefully to customer suggestions. This is how Long New machines fully meet all customer requirements.

久馨股份有限公司

久馨股份有限公司，於 1972 年創立於機器製造業發達的大台中地區，於此得天獨厚的經營環境下，配合全體員工手胼足底的辛勤努力，使整個企業體得以穩健地成長茁壯，而且行銷網更遍及世界 50 餘國，在整個國際市場上佔了一席之地。久馨公司為落實專業經營之理念，大力斥資調整企業結構，使其成為現代化，高效率的企業體，也因此創造了傲人的業績，更能在同業中嶄露頭角。但全體員工並不因此而自滿，人人皆能相互砥礪，彼此期許，期能再創更輝煌的佳績。

永續經營，邁向新領域

歷經 40 年的奮鬥歷程，以及持續發展。久馨公司隨時以「永續經營」的理念，自我期許。無論是市場拓展，公司內部管理，員工福祉，以及對社會大眾的企業責任等，久馨公司永遠秉持永續經營、持續發展的理念，迎接更大的挑戰，邁向另一事業高峰。

迅速服務理念

處在今日一切講求效率的時代，迅速的服務態度是企業持續生存的基本要素。久馨公司深切體認唯有本著「客戶為尊，服務至上」的理念，才能提供客戶快速且完善的服務。因此久馨公司除了不斷強化內部管理，更著重專業技術，人員的教育訓練，以提供客戶最高效率的服務。

技術創新，追求突破

久馨機械除了以優異的性能及品質，獲得廣泛客戶群之肯定外，久馨公司更不斷應用最新科技，開發新機種，我們對研究開發的投注，一向不遺餘力，透過不斷的教育訓練，提升研究開發人員的專業素養。同時我們也廣納客戶的建言，做到使用者至上的基本原則。也因此久馨機械能確實地通過使用者的嚴格考驗。

Rotogravure Printing Presses

印刷機

■ LN-GPS Series

Computerized Auto Rotogravure Printing Press (Sectional Drive System)

微電腦高速凹版輪轉多色印刷機 (印刷單元獨立馬達系統)

Machine Speed: 300 m/min

■ LN-GEH Series

PLC High Speed Rotogravure Printing Press

可程式電腦凹版輪轉多色印刷機

Machine Speed: 220 m/min

■ LN-GES Series

PLC High Speed Rotogravure Printing Press

可程式電腦凹版輪轉多色印刷機

Machine Speed: 180 m/min

- LN-CH Series**
 Flexible Plastic Cloth Rotogravure Print Press
 軟質膠布專用凹版輪轉多色印刷機
Machine Speed: 180 m/min

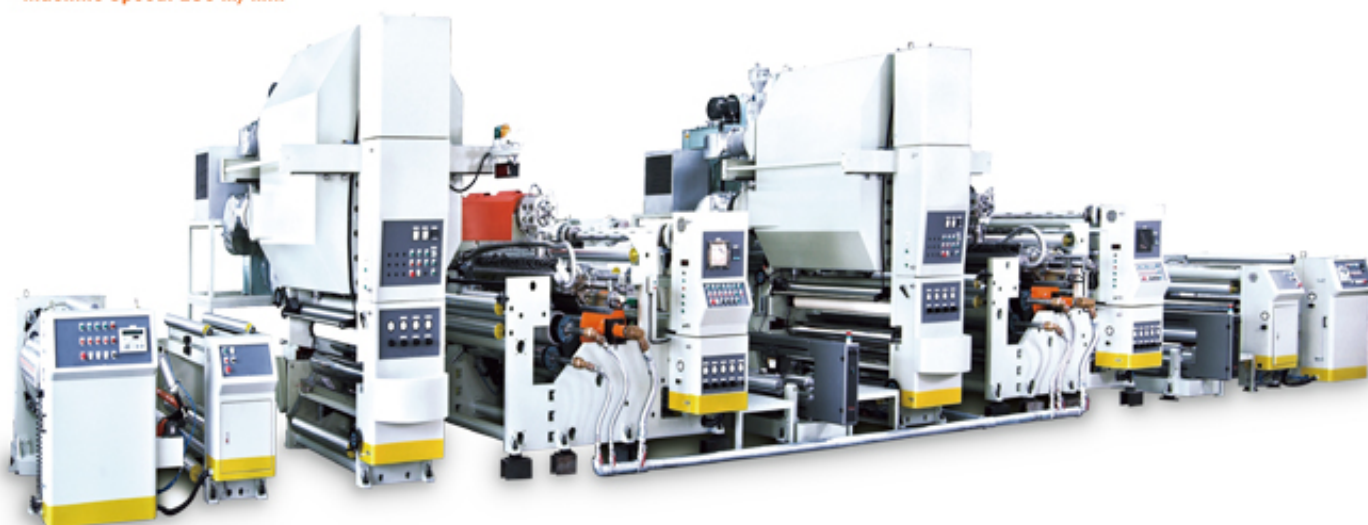

Extrusion Coating-Laminating Machines

淋膜機

- LN-LE-1000**
 Extrusion Coating-Laminating Machine
 淋膜機
Machine Speed: 180 m/min

- LN-LED Series**
 Tandem Extrusion Coating-Laminating Machine
 淋膜機
Machine Speed: 180 m/min

Dry Laminating Machines

乾式貼合機

- **LN-LD Series**
Dry Laminating Machine
乾式貼合機
Machine Speed: 200 m/min

Wet Laminating Machines & Rotogravure and Reverse Coating Machines

貼合機

- **LN-LW Series**
Wet Laminating Machine
溼式貼合機
Machine Speed: 180 m/min

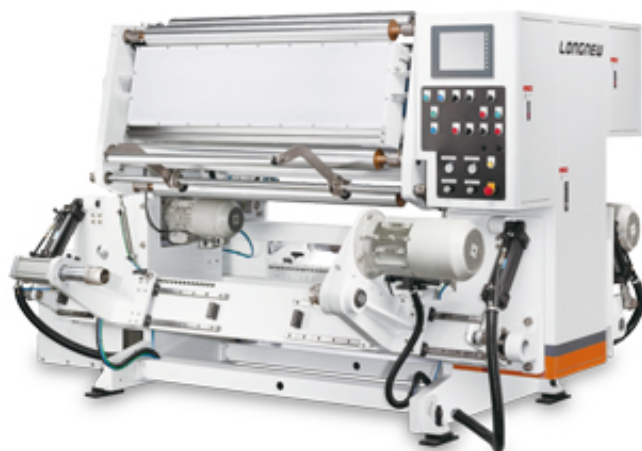

- **LN-CA Series**
Rotogravure Coating Machine
凹版塗佈機 - 單頭塗佈
Machine Speed: 200 m/min

Inspection & Rewinding Machines

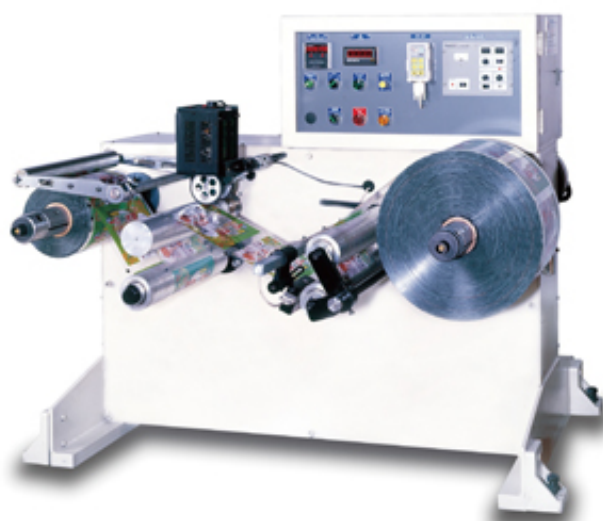

複檢品檢機

- **LN-IA Series**
High Speed Inspection & Rewinding Machine
高速複捲品檢機
Machine Speed: 300 m/min

- **LN-IE Series**
Inspection & Rewinding Machine
複捲品檢機
Machine Speed: 200 m/min

- **LN-IR-400**
Inspection & Rewinding Machine
單壁複檢機
Machine Speed: 220 m/min

Slitting & Rewinding Machines

分條機

- **LN-SA & LN-SS Series**
High Speed Slitting & Rewinding Machine
高速分條機
Machine Speed: 400 m/min

Optional Accessories

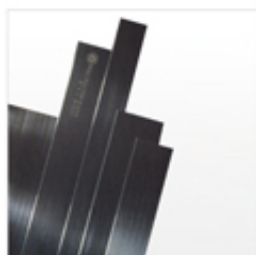

選購配備

- Ink Viscosity Control
油墨濃度控制器

- Anti-Static Brush
靜電消除刷

- Doctor Blade
刮刀片

- Expandable Air Shaft
氣壓軸

- Measuring Cup
油墨量杯

- Digital Stroboscope
閃光同步儀「插電式」

- Ink Pump
油墨循環幫浦

- Digital Stroboscope
閃光同步儀「充電式」

- Ink Bar
油墨滾棒

- Electric Powder Sprayer
電氣式噴粉機

ISO 9001
REGISTERED FIRM

Main Products

- Rotogravure Printing Presses
- Dry / Extrusion Laminating Machines
- Wet Laminating Machines
- Rotogravure / Reverse Coating Machines
- Inspection & Rewinding Machines
- Holographic Converting Machines
- Slitting & Rewinding Machines
