# CO-EXTRUSION PP / PE LAMINATION MACHINE FOR FLEXIBLE PACKAGING FILM

|                                                                                     |                                            |
|-------------------------------------------------------------------------------------|--------------------------------------------|
| Extruder A/B : 75mm / 75mm, 75HP / 75HP, L/D 32:1                                   | Max. Extrusion Capacity : 150 / 150 kg/hr  |
| 3 Layer Feedblock : ABA / BBA / ABB, EDI Brand                                      | Manual T-Die, EDI Brand                    |
| Main Unwinder : 1000mmΦ, Top & Bottom Cutter                                        | Drive Motor : 10HP x 2, 3" + 6" Air Shaft  |
| Primer Coating & Drying Unit : Arch Type, Drying Length 3.6m, Heating Capacioy 96KW |                                            |
| Lamination Unit : 600mmΦ Chill Roller, FKI Made                                     | Drive Motor : 15HP                         |
| Sandwich Unwinder : 800mmΦ, Top & Bottom Cutter                                     | Drive Motor : 7.5HP x 2, 3" + 6" Air Shaft |
| Rewinder : 1000mmΦ, Top & Bottom Cutter                                             | Drive Motor : 10HP x 2, 6" Air Shaft       |
| Drive & Plc : SIEMENS, Germany                                                      | 17" HMI SIEMENS, Germany                   |
| AVG. Power Consumption : 173KW / 240A                                               | Machine Size: 19 X 11 X 4m (L X W X H)     |
