

VERTICAL INJECTION MOLDING MACHINE

V SERIES
SINGLE SLIDE PLATEN

Delicacy-perfection V series injection molding machine

1. Occupy minimum space, exquisite and nimble, it can reduce cost and promote the product quality.
2. Adopt slider design, easy operation, it is suitable for inserting molding.
3. Adopt "light curtain" safety system to promote the operator safety.

TECHNICAL DATA

MODEL			V300			V450			V550			V850			V1200			V1500		
ITEM																				
INJECTION UNIT	Screw symbol		A	B	C	A	B	C	A	B	C	A	B	C	A	B	C	A	B	C
	Screw diameter	mm	24	26	28	26	28	30	30	34	38	34	38	42	38	42	48	42	48	52
