公司簡介/Company Introduction

安全、速度、穩定、服務、滿意

高申豐企業有限公司，早期是以從事模具設計開發起家。

本公司的模具，不論是在生產速度、品質、售後服務均獲得客戶極大的認同。但市面上有些設備與本公司的模具無法發揮到最好的效能與成果，故本公司自行研發出多層共擠出中空成型機，以符合客戶對省電、快速、穩定的需求。

本公司持續關注在操作人員的安全(Safety)、生產的速度(Speed)、製程的穩定(Stable)、周全的服務(Service)、客戶滿意(Satisfied)。本公司也積極的思考如何精進改良並超越現況的設備，製造出更符合客戶需求之機種。

為擴展客戶市場需求，本公司研發人員也努力研發各種新機種，以因應客戶所需之產品。在順應國際化之潮流下，本公司也提供OEM (Original Equipment Manufacturers) 及ODM (Original Design Manufactures) 等客製化的服務，以供應客戶市場上的需求。對於客戶方面，並不只侷限在國內，也正積極拓展海外市場，現今合作、輸出國家有：馬來西亞、非洲、印尼、新加坡、越南…等國家。

Safety, Speed, Stable, Service, Satisfaction

GAO SHEN FENG ENTERPRISE CO., LTD. Started business as a manufacturer in mold design and development field.

GAO SHEN FENG's molds have been received many positive very positive responses on lead time, quality and after-sale service from our clients. However, the blowing machines on the market and our molds are unable to work in the best efficiency. In order to meet clients' request for energy-saving, rapid and steady productions, **GAO SHEN FENG** had determined to manufacture the multiple blow molding machines ourselves.

It has always been our goals to provide a complete solution for our clients. We believe our machines come to best functions of operators' safety, manufacturing speed, production stableness, perfect services and clients' satisfactions. We are also actively thinking about how to improve beyond the status of the equipment to create a more consistent customer demand models.

For the expansion of customer market demands, our company's staff is also working on developing a variety of new models and products required by customers. In response to the international trends, KSF provides OEM (Original Equipment Manufacturers) and ODM (Original Design Manufactures) customized service to supply each demand on the market. KSF is not only confined to the domestic clients, but actively developing overseas markets. Now KSF exports to and have built cooperation relationships with Malaysia, Africa, Indonesia, Singapore, Vietnam and many countries in the world.
