Polaris

*For the Furtherance of Automation*

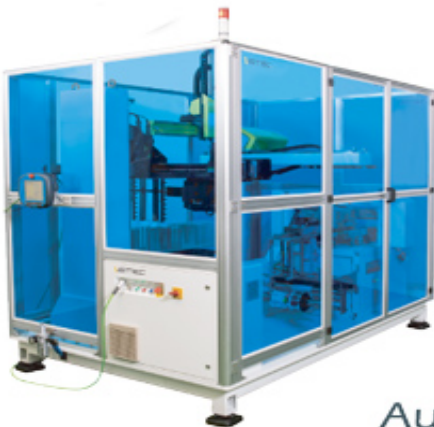

Well Thought - Out Engineering

# Products

IML

Cutlery  
Automation

Robot

PET Preform  
Post-Mold Cooling

*Your Expert Partner in Plastic Automation*

# Application

Packaging Auto parts Medical Cosmetics Disposable

*More applications.... Please contact us.*

# W1 Side Entry Robot

*Safety and Speed*

*IMM up to 450 tons 0.5 sec takeout time*

# V2 Swing Robot

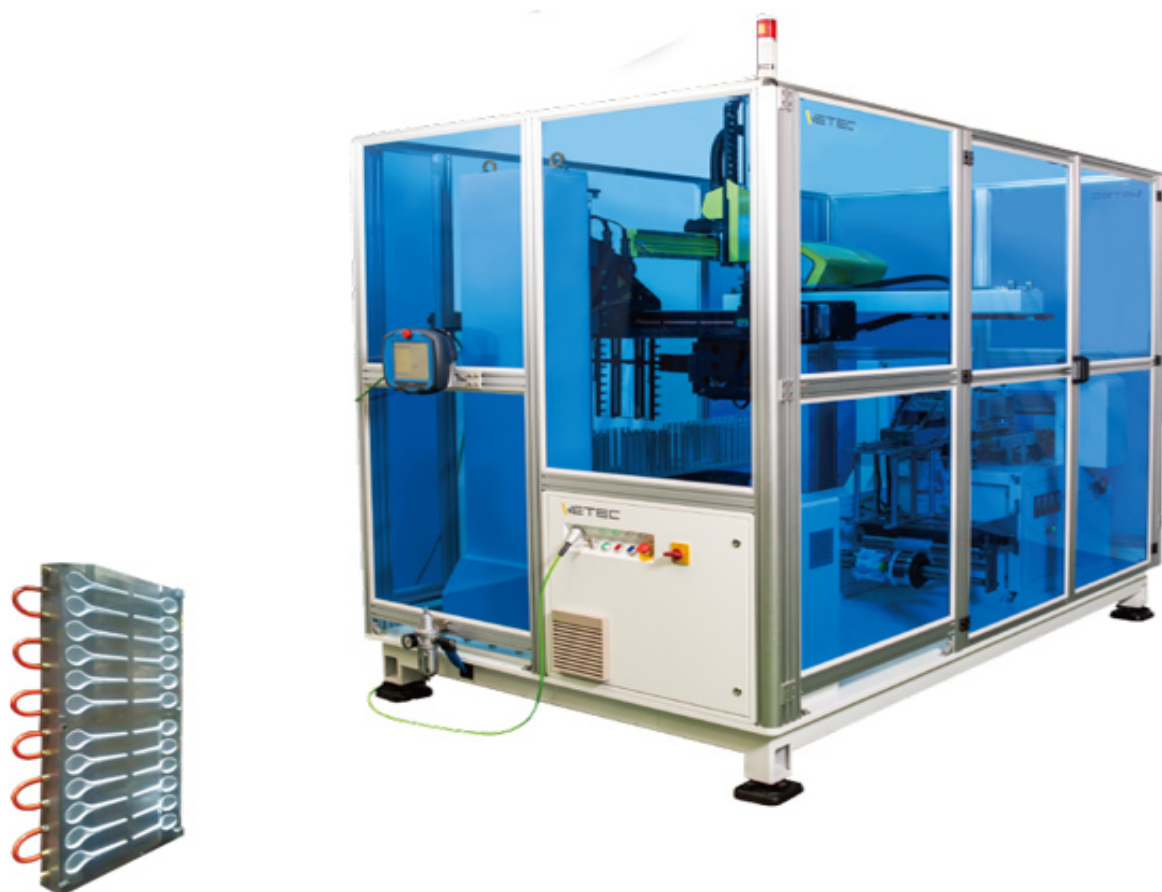

*Simple but Smart*

*IMM up to 200 tons    Payload 3kg max.*

# W4 Cutlery Automation

*Saving and Safety*

*Fully integrated automation lines*

# W6 CNC Robot

*Light but Strong*

*IMM up to 650 tons    Payload 12kg max.*

# W7 CNC Robot

*Strong and Compact*

*IMM up to 4,000 tons    Payload 75kg max.*

# W7 CNC Robot

*Smart and Efficient*

*IMM up to 1,000 tons    Payload 25kg max.*

# V8 IML System

*Compact and Flexible*

*Takeout less than 1.0 sec   Integrated packaging solution*

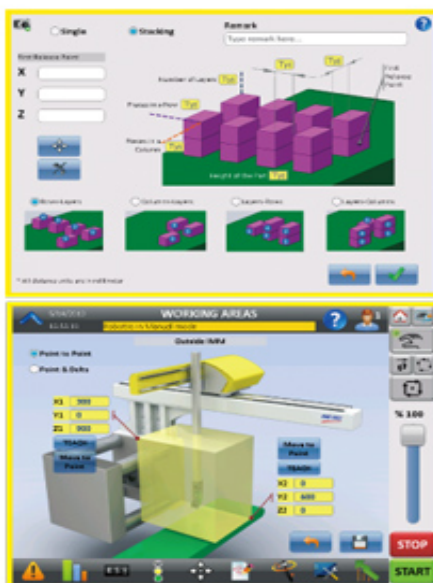

# W9 PET Preform Post-Mold Cooling System

*Flexible and Saving*

*Mold and turn-key solution are available from us*

# V26 Control System

## Features

### *Release all robot potential.*

- Extremely programming freedom.
- Freely define the safety area to prevent malfunction.

### *User access management*

- Amount to 4 levels of user control.

### *Compact user interface*

- 8.4" touch screen.
- Built-in problem solving instruction.
- Multilanguage support.
- Low learning curve.

*Has never been so easy to control a Robot.*

# Company Profile

Wetec supplies automation system to the plastic industry for 30 years we integrate highly dynamic robot systems with precise automation solutions to create value for customers

We devote ourselves to the design and manufacture of automation and take out robot systems. From system integration of PET preform and IML automation to highly specialized robot.

The Wetec marketing network already has an international reach, the automation systems we deliver are successfully used in more than 50 countries
